DEPARTMENT OF OBSTETRICS & GYNAECOLOGY

COMMENTS REGARDING CAMP

Department of obstetrics & Gynaecology would like to thank honourable Executive Director & the administration for giving full support to conduct the Multi diagnostic health camp. Our department participated with great enthusiasm to give good service to the patients who attended the camp.

A multi-specialty health camp was organized by MIMER Medical College under NSS scheme This camp was at Nanoli Turf chakan.

In association with the department of community medicine and volunteers of NSS, appropriate camp arrangements were done and a camp was conducted successfully on 28/09/2022.

Total 119 patients availed the services of camp, of which 80 were females.

OBGY patients were attended by Dr .Rishabh Ramugade, Senior Resident(Dept .OBGY)

80 patients were seen by Dr. Rishabh of which 5 patients were antenatal mothers, 1 was postnatal mother and rest were females were asked for any gynaec related problems, of which 16 patients had the problem.

Antenatal care was given, investigations were done as part of routine screening, appropriate treatment plans advocated and a continued drug supply was ensured.

One antenatal patient was identified as PIH and was taken to our hospital for further tertiary level care and management.

Gynaec patients were motivated to undergo PAP smear examination and referred to our hospital for the same.

Apart from routine checkup of antenatal mothers and other female patients our team of doctors utilized the opportunity to encourage mothers for contraception

Dr. Rishabh and his team counselled all the mothers attending the newborn care clinic held at the camp .

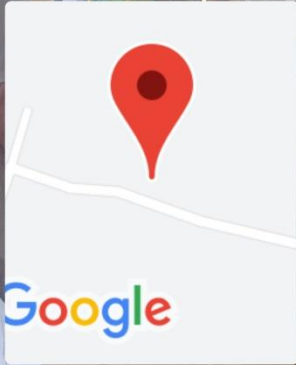

The mothers were motivated to use contraception (temporary/ permanent).

A feedback from patient was excellent.
