

MIMER MEDICAL COLLEGE, TALEGAON DABHADE

DEPARTMENT OF OBSTETRICS & GYNECOLOGY

MANYATA ACCREDITATION BY FOGSI (FEDERATION OF OBSTETRICS AND GYNECOLOGY SOCIETY OF INDIA).

Under the leadership of Dr Vaishali Korde, Professor & HOD, the Department of OBGY (Labour & OT complex) underwent the assessment for the prestigious 'Manyata Accreditation by FOGSI (Federation of Obstetrics and Gynecology Society Of India). Over the last few months, the labour room staff had undergone rigorous training, both via lectures and hands-on skills training by Dr Aparna Shrotri, Dr Sana & Dr Ronge (Manyata Trainers from Gupte Hospital). MIMER coordinator, Dr Meenakshi Surve along with Sister in Charge Mrs Madhuri Patil & Mrs Vaishali Londhe, took great efforts to coordinate these sessions and upgrade the labour room complex, antenatal ward, postnatal ward and operation theatre following the Manyata guidelines. Dr Vaishali Korde conducted revision sessions every day for the staff, to prepare them for the assessments. She was helped by Dr Arti More SR and Dr Priyanka Kamdar, JR1.

On 20th October 2022, an online FOGSI Manyata Assessment for clinical standards was held at 2 pm in the labour room premise. Dr Korde welcomed the Manyata Assessor, Dr Samita Bhardwaj and introduced the staff.

Dr Samita Bhardwaj from Mumbai conducted a question and answer session with our 20 labour room staff. Questions about Manyata Clinical Standards Eg - history, examination and management of routine as well as high-risk antenatal cases, and management of complications like PPH, ECLAMPSIA, and NEW-BORN Resuscitation were asked, which were satisfactorily answered by our nursing staff. Dr Samita was very impressed by the confidence and knowledge of our staff and put a special word with Dr Korde after the session. The staff were also asked to demonstrate the emergency trays, record keeping, safety measures & policies used in the labour room. The Assessment went smoothly as the staff was well-versed in the drills. The obgy department was granted the 'FOGSI MANYATA Accreditation for their clinical standards. The concerned certificate will be received soon. The department has always strived to achieve the best standards in obstetrics patient care and this accreditation has not only boosted the confidence of our staff and faculty but will go a long way to provide excellent Standardised patient care in the Maval area. This accreditation will also be very useful to NAAC & NABH.

Assessment for NATIONAL PROGRAM "LAQSHYA" is due in November & we are sure our staff will perform well in that too.

We would like to thank our respected Executive Director, Dr Suchitra Nagare for her constant guidance in this endeavour & Principal Dr Swati Belsare madam for her untiring support.
