15.	Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions etc.)	Antenatal classes have been started in association with the physiotherapy department to bring about awareness about changes in pregnancy, nutrition, labour and breastfeeding. The faculty/residents demonstrate these aspects with the help of power-point presentations to enunciate these topics and also answer the queries of the antenatal women and their families. These classes help the women, especially primigravidas, become more confidence to deal with pregnancy changes. We intend to extend these activities to include breathing exercises which women can practice during labour.
