13. Faculty/Team involved	Dr. Vaishali Korde.
14. Coloured geo-tagged photos (2 to 4)	Attached
15. Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions etc.)	Soft skill training in medical education is often overlooked in comparison to academic. However communication with patients and attendant's is necessary especially in today's world. Hence, the department of obgy in association with abott organized a session on 'soft skill training' and 'Breaking the Bad news'. Dr. Navita Budhiraja, Medical Advisor with Abott, gave an enlightening perspective regarding communications with patients especially those women dealing with recurrent pregnancy losses.  It session was attended by faculty and postgraduate students. It was an interactive session with role play by the students. Feedback regarding the role play was given by the faculty as well as the speaker.  Such soft skills development sessions are the need of the hour and should be inculcated in our curriculum.
