PUBLIC HEALTH SCHEMES

#### Title of the Practice: - Community Healthcare and Outreach Programs Objectives: -

In accordance with the vision and mission of the institute to provide healthcare services to the poor and downtrodden masses with a humane and holistic approach and to adopt the principle of "Health for All" at affordable cost, following objectives are formulated.

- 1. To provide quality healthcare services in the form of screening, diagnostics, treatment and preventive measures.
- 2. To create awareness on personal health and environmental hygiene
- 3. To involve the community for effective implementation and better outcome of these services.
- 4. To provide quality and affordable tertiary healthcare services through Dr. BSTR Hospital.

#### The Context: -

The institute is situated in the Maval taluka comprising predominantly of the rural masses. Dr. BSTR hospital has filled the void of an affordable tertiary care centre in this region. This 720 bedded hospitals is the largest health service provider of rural Pune. With the strong central healthcare facility, institute also gives equal importance to outreach programs/activities. The institute strives for the upliftment of the healthcare of the entire Maval region by reaching out to the most remote areas.

#### The Practice: -

The need of the area is identified by the department of Community Medicine through surveys, screening programs and free diagnostic camps. They coordinate with respective clinical departments to design and implement community healthcare and out-reach activity. A 12-point program has been launched by the institute in various stages.

In the health camps, the team consists of experienced Doctors from various specialities, Nurses, Students & Social workers. Institute's Rural Health Training Centre and Urban Health Training Centre cater to the rural and semi urban population of the region. Institute has also adopted 14 villages in Maval taluka and has MoUs with various NGOs and companies to provide healthcare services. During COVID pandemic, the institute was designated as the only Dedicated COVID Hospital in the Maval region. NABL accredited RT-PCR lab and COVID vaccination centre are functional. The institute has also started MIMER Maval Jan Arogya

Yojana through which health cards are distributed to the families for discounted healthcare services. To create belonginess in students towards the society, institution has started with adoption of village scheme where the students from first year are allotted the families. The students look after the health needs of these family members and accompany them during their visit to our hospital throughout their MBBS course.

#### **Evidence Of Success: -**

Over the past 5 years there has been a steady increase in the number of patients seeking healthcare facilities at Dr. BSTRH. The 15% rise in the OPD services and 15% rise in the IPD services and procedures reflects the success of our community and outreach program/activities. The institute received the "Best Medical College and Dedicated COVID Hospital of the Year" award by 4<sup>th</sup> edition *Navbharat* Healthcare Awards 2021 for exemplary services during COVID.

#### Problems Encountered and Resources Required:-

- a. Accessibility to the villages
- b. Lack of infrastructure facilities for setting up the health camps.
- c. Lack of Support and Response from the community due to work time constraints and health related myths.

#### MAVAL JAN AROGYA CARD DISTRIBUTION

The Community Medicine Department has taken lead role in distributing the card and creating awareness among these families.

#### DEPARTMENT OF COMMUNITY MEDICINE, MIMER MEDICAL COLLEGE, TALEGAON DABHADE

- 1. Name of the activity:- Nanoli Village Aarogy Suvidha Card Distribution Report
- Circular / Notification about the event (mentioning Date, time, venue, guest, speaker, faculty etc.)
   Zilla parishad school, Nanoli Tarf Chakan date:-09/07/2021
- 3. Pamphlet (if any)
- 4. Total number of participants/beneficiaries :- 20
- 5. Attendance (if applicable) :- NA
- 6. Faculty / Medical team :- 15
- 7. Coloured geo-tagged photos (2 to 4)

In 2021, this scheme was extended to other tehsils of Pune too ie. Khed & Mulshi and named as MIMER JAN AROGYA YOJANA.

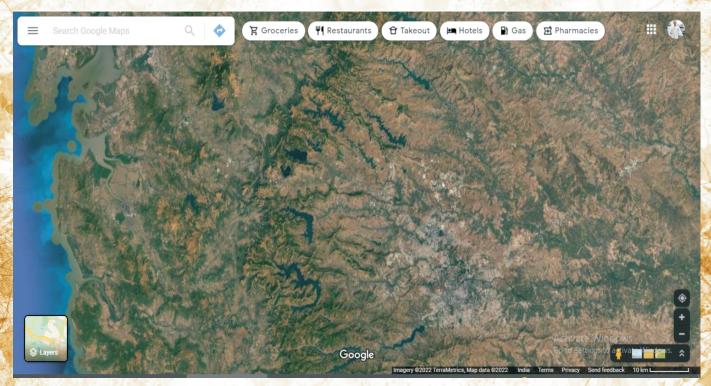

Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions)
 Inauguration of "MIMER Maval Jana Aarogya Yojanas" Aarogya suvidha card for adopted village Nanoli tarf chakan of 2020-2021 student batch was held on 9th July 2021.

A programme was organized at Zilla parishad school, Nanoli Tarf Chakan. A short introduction to Health promotion prevention & curative activities carried out in the village was given by Co- ordinator for the village Dr. Ashlesha Dandekar. This was followed by distribution of health cards to few representative villages at the hands of Hon E.D. DR. (Mrs.) Suchitra Nagare Madam. Dr. Swati Belsare, Principal Dr. Prashant Kamat, Medical Superintendent and Dr. Tushar Khachane, Professor Department of Surgery graced the occasion. Dr. Aastha Pandey Prof. Department of Community Medicine co-ordinated the distribution of cards to villages including the Sarpanch, Upasarpanch and few beneficiaries of the scheme. Mr. Nilesh Londhe expressed gratitude on behalf of the village for providing appropriate health services especially for COVID patients. The audience was then addressed by Hon E.D. Dr. Suchitra Nagare Madam. She emphasized the need for students to communicate effectively with their adopted families so as to develop a healthy doctor patient relationship Salient features of the health card were elaborated by M.S.W Mr. Sandeep Tilekar.

#### 2. REMOTE VILLAGES CAMPS

'Maval' is one of the world's highly bio-diversified regions. Around 200 villages and 500 hamlets and small settlements.

Difficult terrains with limited transport facilities.

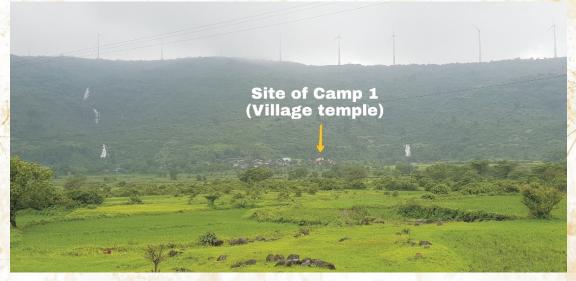

In **Multi-Diagnostic Camp Model** for Remote villages following team is formed to visit the remote places in the Maval region.

Team consists of: -

- Medical team of specialists from 11 departments
- Medicine
- Surgery
- Ob Gyn
- Orthopaedics
- ENT
- Ophthalmology
- Dermatology
- Dentistry
- Paediatrician
- Psychiatrist/Counsellor
- Physiotherapist
- Free basic blood-tests
- Free drugs dispensing (38 commonly prescribed drugs, drops, syrups etc.)
- Tree Transportation of patient to & fro hospital (if needed)

Camp reaches remote villages in these hilly terrain by transport and sometimes by walk also.

Institute provides the medical facility van and transportation services for these camps

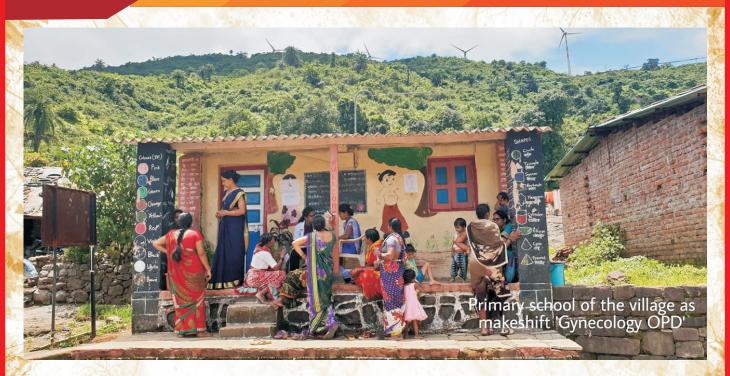

Free Medicines and consultation given in the camp

The team has visited the remote areas of Maval under this initiative and was successful in delivering quality health care to villagers.

AROGYA SHIBIR- VISHESH SUVIDHA CARDS were distributed under this intiative.

#### 3. THE ANGANWADI PROJECT

Anganwadi (Anganbadi) are the focal point for implementation of all the health, nutrition and early learning initiatives under the ICDS of the Government.

MIMER has adopted all the 21 Anganwadis in Talegaon Dabhade which caters to Around 1100 children between age 2-6yrs.

Institute gives regular screening and treatment facilities to these children by arranging

- 1. Regular visits by senior Paediatricians.
- 2. Yearly screening by Ophthalmologist.
- 3. Free basic medicines are provided.
- 4. Anaemia screening (Hb) for women. More than 1000 women (15 to 45yrs) were screened and treated free of charges every year through this scheme.
- 5. Regular awareness talks by obstetricians & paediatricians
- 6. Free 24x7 telephonic consultations services by Paediatrician/ Gynaecologist.

#### **ANGANWADI**

#### 4. SERVICE-GIVERS' HEALTH PROGRAMS

These camps cater to patients from nearby areas and also the follow up of these patients are taken by the concerned departments.

#### 7. MIMER SPECIAL SCHEME

#### सकाळ

## मायमरमध्ये उपचारांसाठी विशेष योजनेचा प्रारंभ

तळेगाव स्टेशन, ता. ८ : डॉ. भाऊसाहेब सरदेसाई तळेगाव प्रामीण रुग्णालयातर्फे मायमर वैद्यकीय महाविद्यालयाचे संस्थापक अध्यक्ष प्रा. डॉ. विश्वनाथ कराड यांच्या ८१ व्या वाढदिवसानिमित्त मायमर विशेष स्पेशल योजनेचा प्रारंभ करण्यात आला.

विशेष योजनेअंतर्गत वंचित मुले, वृद्धांसाठी काम करणाऱ्या विविध संस्थांच्या लाभार्थ्यांना डॉ. भाऊसाहेब सरदेसाई तळेगाव ग्रामीण रुग्गालयात आयपीडी तसेच ओपीडी तत्त्वावर मोफत तपासणी आणि उपचार प्रदान केले जातील. मावळ तालुक्यातील वंचित घटकातील लोकांच्या

तळेगाव स्टेशन : विशेष योजनेचे उद्घाटन करताना मायमर महाविद्यालय व्यवस्थापन समिती सदस्य.

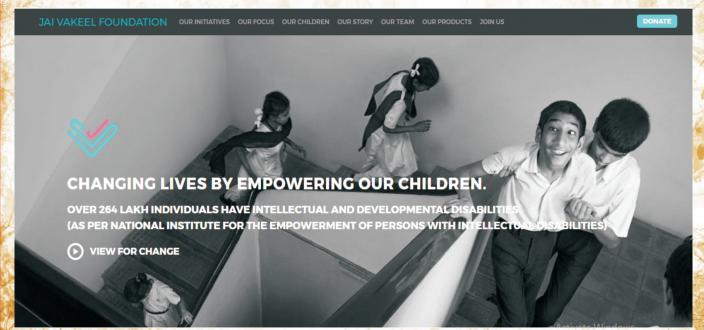

भल्यासाठी काम करणाऱ्या सर्व सेवा भावी संस्थांनी या योजनेचा लाभ घेण्याचे आवाहन महाविद्यालयाच्या कार्यकारी संचालक डॉ सचित्रा नागरे यांनी केले आहे. संपर्क, उद्योगधाम, एकता निराधार संघ, जिमला आरिफ चिल्डन् व्हिलेज, जय वकील स्कूल, सेवाधाम टस्ट. उडान फाउंडेशन

इत्यादी स्वयंसेवी संस्थांचे प्रतिनिधी समारंभाला उपस्थित होते आणि त्यांनी त्या संदर्भात याप्रसंगी करारावर केल्या. अस्थिरोग विभागाचे डॉ. दर्पण महेशगौरी यांनी या योजनेचे नियोजन केले आहे. एकता निराधार संघाचे संस्थापक सागर रेड़ी, फजलानी शाळेच्या मुख्याध्यापिका अजिथा आदींनी या योजनेबहल आभार व्यक्त केले. प्राचार्या डॉ. स्वाती बेलसरे यांनी पाहण्यांचे स्वागत केले. तर डॉ भाऊसाहेब सरदेसाई तळेगाव ग्रामीण रूग्णालयाचे वैद्यकीय अधीक्षक डॉ. प्रशांत कामत यांनी आभार मानले.

Pune, PCMC-Today 09/02/2022 Page No. 4

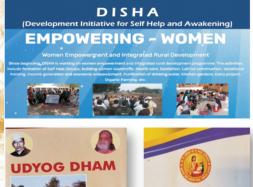

Our institute has identified a 'special group' that is medically or socially underprivileged and do not have any substantial health support system.

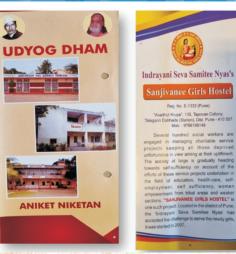

Eg. Inmates of orphanages, specially-abled children, old age homes, hostel for special girls, rehabilitation homes, children of CSWs, slum-dwellers, migrant labourers etc. and the NGOs working for the above.

#### We provide them -

- Free OPD/IPD investigations and treatments at Dr BSTRH
- Partnering with them for all their medical/health related needs
- Regular health related activities

- Fazlani Aishabai & Haji Abdul Latif Charitable Trust has been working sincerely for the service of humanity since the year 1980.
- The Trust believes that a firm foundation in education goes a long way in helping each individual to lead a better life and fulfill their hopes and aspirations in their chosen career.
- It also enables them to overcome deprivation due to poverty while helping them to develop the capacity to create a promising future not only for themselves but also their community and nation as a whole.

14 NGOs have partnered with our institute till now, and the list is constantly increasing.

#### 8. SERVICES TO GOVT. PUBLIC HEALTH CENTERS

## PROVISION OF SPECIALTY/ SUPER-SPECIALTY & INFRASTRUCTURAL SUPPORT

- 1. Health service provider to the local Municipal Council (Talegaon Nagar Parishad)
