**“HEALTH is the greatest of human blessings”**  
- Hippocrates

The field of medicine beautifully combines scientific advancement with a commitment to social service. In honour of the late Dr. Bhausaheb Sardesai's vision for a medical college and hospital in the Maval region to serve underprivileged, MAEER MIT Pune established MIMER Medical College and Dr. BSTR Hospital in 1995.

From humble beginnings in 1995, today, Dr. BSTR Hospital has over 590 beds and operates as a tertiary care centre, addressing the healthcare needs of diverse communities. Our institution is affiliated to MUHS Nashik and recognized by the National Medical Commission of India.

The Research Society at MIMER Medical College is dedicated to fostering a robust research culture among faculty & students. Key achievements in this endeavour include a well - equipped Central Research Lab, a Research and Development cell and the MIMER Medical Journal. The Student Research Council plays a vital role in cultivating a research - oriented mindset among students. Currently, our faculty and students are engaged in numerous innovative & pioneering research projects.

In the face of rising global health concerns, the significance of addressing metabolic syndrome cannot be overstated. This syndrome - a confluence of obesity, hypertension, dyslipidemia, and insulin resistance, presents a multifaceted challenge. Our annual research conference serves as a pivotal platform where leading experts converge to share insights, discuss breakthroughs and forge collaborative efforts.

Let us usher in an era of developing a multidisciplinary, holistic approach to metabolic syndrome by brain storming over the innovations in this field.

The theme of the Conference is **“ Metabolic Syndrome - A Global Health Challenge”** and it will be held on 19th and 20th December 2024.

We warmly invite you to join us at MIMER Medical College, Talegaon Dabhade, for an enriching academic feast amidst the captivating and picturesque surroundings of Talegaon. We look forward to your presence and participation.

**4 MMC credit points awaited**

**Conference Day - 1 Thursday, Date - 19/12/24**
