Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions)	<p>Department of Anatomy has organized a Dissection Competition on topic 'Submandibular Region' for 1st year MBBS students. The Lecture on the region was already conducted.</p> <p>The participation was dissection table wise (15 students on each table). The students had to do stepwise dissection of 'Submandibular Region'; independently without any help from faculty. They were provided with standard books and dissection charts to refer for the steps of dissection and structures in the region for competition. The students did the dissection with zeal and enthusiasm. They were judged by all the faculties present based on the attendance, neatness, fineness of dissection, number of structures identified appropriately and knowledge of topic based on viva. Identification of structures was judged by Dr. Apte &amp; Dr. Eva Viva was conducted by Dr. Belsare &amp; Dr. Vedpathak.</p> <p>This activity helped the students inculcate team work, collaboration and to study together in an effective way in the dissection hall.</p> <p>The winning table was table no. 5 and the runner-up was table no. 4. Winners were awarded with rotating trophy and certificates at hands of Respected Principal Dr. Deepa Nair Madam.</p>
