15.	Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions etc.)	An integrated teaching session on Obstetric Doppler part -2 was conducted along with Radiology & OBGY to teach the postgraduate students about the management protocols in fetal growth restriction (FGR) . Dr. Santosh Sabnis , Professor Radiology and Fetal Medicine specialist discussed the recent guidelines in the management of FGR. Sir also answered the queries of the audience . The session was hugely successful and was appreciated by all. We plan to conduct session on ultrasound of Ovarian masses in near future .
