7.	In-charge	Dr. Dattatraya Gopalghare
8.	Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions)	Increased incidence of Antimicroboal resistance is not a myth. It's a new age disease where prevention still remains the mainstay of action against growing superbugs. Keeping the background of prevention in mind, the antibiotic stewardship committee arranged sessions of sensitisation for all departments at MIMER MEDICAL COLLEGE. Dr Dattatraya Gopalghare (Prof & HOU,OBGY) and Dr Priya Karmani (Asst Prof,OBGY) conducted the sensitization programme at the department library ,OBGY. An interactive session was conducted by these members where guidelines from various governing bodies were discussed in detail. The HOD & professors in the department discussed about the need for bringing out a change in the antibiotic policy at department levels, the clinical backgrounds for antibiotic prescription and the key role of PREVENTION in sepsis. The residents were motivated to focus on preventive aspects while delivering clinical care to the patients.
