A common treatment option is ovulation induction combined with intrauterine insemination (IUI). To provide further insights into this topic, Dr. Kanchan Durugkar, an infertility specialist, conducted an educational session in the skills lab. She covered the drugs used in ovulation induction, the latest protocols, and detailed the prerequisites and procedure for IUI. Additionally, she explained the latest Assisted Reproductive Technology (ART) laws. The session was attended by both faculty and students. Dr. Durugkar also thoroughly addressed questions related to the topic. Dr. Vaishali Korde, Head of the Department of Obstetrics and Gynecology, felicitated the guest speaker. The session was well-received and appreciated by all attendees. |
