| 7. | Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions) | <p>Purpose-To gain knowledge about various fetal anomalies.</p> <p>Conduct- Obstetricians frequently encounter fetal anomalies in their practice. To educate us on anomalies that can be detected later in pregnancy, renowned radiologist Dr. Raul Jadhav was invited to deliver a lecture. The session was conducted via Zoom and was attended by faculty members and residents.</p> <p>Dr. Jadhav provided an in-depth discussion on multiple fetal anomalies affecting different systems and explained how couples can be counseled regarding the prognosis. The session included an interactive segment where students and faculty posed various questions, all of which were addressed satisfactorily by the speaker. The feedback from attendees was overwhelmingly positive. The lecture was highly informative and provided valuable insights into late-onset fetal anomalies.</p> |
