Students made informative and creative posters that highlighted various forms of violence, including physical, psychological, and sexual abuse. There were 11 posters and one GIF. The competition fostered gender equality and encouraged students to explore solutions and preventive measures. A talk was also conducted in the OPD, where patients and their families were educated about the effects of violence against women. The session emphasized the importance of reporting abuse and offering support to victims. Prizes were awarded to the students by the HOD, Dr. Vaishali Korde, in recognition of their efforts.
