11	Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions)	A guest lecture on "Awareness and Recent Advances in the Management of Sickle Cell Disease" was delivered at MIMER Medical College, Talegaon Dabhade. The session highlighted the epidemiology, pathophysiology, and clinical manifestations of sickle cell disease, with emphasis on the importance of early diagnosis and newborn screening. The lecture emphasized the significance of multidisciplinary care, regular follow-up, and patient education in improving outcomes. Challenges in the Indian healthcare setting and strategies for increasing awareness and early intervention were addressed. The session concluded with an interactive discussion, during which participants actively engaged with clinical questions and recent evidence-based management approaches.
