Brief summary of the event in around 100 words (purpose, conduct, feedback, impact, suggestions)	<p>Malaria is a life threatening disease caused by parasites transmitted to people through the bites of infected female Anopheles mosquitoes. According to the WHO in 2020 there were an estimated 241 million Malaria cases worldwide. World Malaria Days is an annual event which was observed on Tuesday 25/04/2023 to raise awareness about the global efforts to control and eliminate malaria, as well as to promote advocacy for increased investment in malaria prevention & treatment. This year the theme for World Malaria Day ' Reaching the Zero Malaria target'. Interns & staff of the RHTC held an awareness & education program at Sudumbare. The emphasis was on following points.</p> <ul style="list-style-type: none"> • Understanding the cause of Malaria. • Recognising the symptoms of Malaria. • Promoting preventing measures. • Encouraging community Involvement. <p>This activity was held under the guidance of Prof. & HOD Dept. of Community Medicine Dr. S.V. Chincholikar, I/C RHTC Asto. Prof. Dr. Surendra Kulkarni & Medical Officer Dr. Abhay Tophkhana.</p>
