GENDER SENSITIVITY PROGRAM
CHANGING SCENARIO OF GENDER EQUITY IN RURAL INDIA

REPORT

A Gender sensitization program was conducted for all the faculty of MIMER & Dr BSTR Hospital on 30th June 2021 (Wednesday)

Time : 12 noon to 1pm

Speaker : Dr Vaishali Korde Professor & Head of Department Obstetrics and Gynaecology

Topic : Changing Scenario in Gender Equity in Rural India

The speaker explained the various social initiatives taken by the various governments over past two decades and the positive impact that they are making on the lives of women in rural India.

She also made the audience aware of the various NGOs working in rural India.

In the interactive session, the audience were sensitized about the rights and legal implications pertaining the same.

56 participants were present for the same.

The feedback for the above was positive, and the audience expressed the need for more such activities.

CONSOLIDATED REPORT OF GENDER EQUITY ACTIVITIES

2019-2020

- On 12th March 2020, an event was organized to celebrate “International Women’s Day” at MIMER Medical College’s Rural Health Training Health Centre, Sudumbre. The programme was attended by approximately 35 women.
- The event included an array of educative speeches by the interns. Information regarding anemia, balanced diet and the importance of exercise in daily life was conveyed to the women in an interactive session. Women who actively participated in the events were felicitated.

- As per the decision of Management in the year 2016-2017, this year 2 girl children born on this day were given certificates **to give special free health service and treatment to the girl children born on this day for a period of one year**

- An awareness program was conducted on 9th March at the Urban Health Training Center about the novel corona virus i.e COVID-19. Around 50 community members were present in the age group from 10-60 years. The community members had lot of questions which were answered by Dr.Ratna Majumdar and Dr.Ashlesha Dandekar. The helpline numbers were also notified.
- With the intent of spreading public awareness and sensitivity amongst the masses Dr. Pranali Ghuge(SR OBGY) and Dr. Pronomita Ghosh (SR OBGY) had an interactive session on POCSO ACT on 25th Feb. 2020 during Research Society monthly session.

Place of Survey:-Siddharth Nagar

Date of Survey:- 26 Feb 2021- 3 March 2021

No of students - 25

Number of families surveyed: 42

Total number of people surveyed: 195

Male: 144

Female: 145

ANC – 1

Under five - 18

Hypertension- 13

Diabetes – 7

Counseling for diet and immunization was done for ANC and under five. Importance and regular medicine, proper diet and checkup was told to hypertensive and diabetes. Other diseases were referred to further treatment

DEPARTMENT OF Community Medicine
Visit to Nanoli Village, Tarf Chakan on 20/02/2021.

Nanoli Tarf Chakan, a village adopted by the MIMER Medical College and BSTR Hospital. A group of 60 students from 1st year MBBS paid a visit to the village on Saturday, 20th February, 2021. The Visit was headed by Dr. Ashlesha Dandekar (Dept of Community Medicine) and social worker Mr. Tilekar. We received great help and co-operation from the village Sarpanch, Mr. Shinde.

Each student was allotted a family from the village. The students were briefed about to interact with their families, take detailed information of the families, their lifestyle and living conditions, health status, etc. and also educate the families regarding various health issues and its precautions.

A small OPD Unit was set-up near the Gram Panchayat office wherein about 37 patients were examined and medicines dispensed. About 22 patients were referred to Dr. BSTR Hospital for further treatment, in the departments of Ophthalmology, Medicine, Dermatology, Orthopaedics and Physiotherapy.

A small session on Oral health and hygiene was conducted by the students and Dr. Dandekar for a group of students from the primary school.

We assured the villagers that such visits would be conducted twice every month. And in case of any health issue, they could contact the respective student.

World Cancer day 04/02/2021

UHTC- Health talk on awareness about cancer was given by interns under the guidance of Dr. Ashlesha Dandekar Community members from field practice area of UHTC attended the programme along with Staff & Interns.

RHTC- Under the observation of MO or Dr.Abhay Tophkhane.

People from nearby villages comprising of all age groups along with Interns and staff of RHTC Participated in the programme.

Report of Slum Activity Conducted by Second Year Students.

The students of MIMER Medical college conducted a slum survey in 2 slums near namely Shivaji Chowk slum area and Bhagat chawl from 13/1/2021 to 16/1/2021.

Students were divided in groups of 3-4 and each group was given one family to conduct the survey.

The activity spanned for 4 days and included the following.

1. Survey and information of all the family members
2. Basic health check up of all the school going children.
3. Education regarding ongoing corona virus pandemic and the measures to be taken to prevent infection.
4. Basic hand washing and personal hygiene
5. Street play regarding the importance of physiotherapy in treatment and rehabilitation.

The activity received a very good response from the people living in the slums. Many doubts were cleared, people became more aware of the importance of personal hygiene and routing medical checkup.

2 cases of hypertension were identified and were referred to the hospital for further treatment.

WORLD AIDS Day, RHTC, SUDUMBRE on 02.12.2020

On the occasion of World Aids Day a activity was held at RHTC Sudumbre under the observation of MO Dr.Abhay Tophkhane.

People from nearby villages comprising of all age group along with Interns & staff of RHTC participated in this program.

Counseling regarding the importance of HIV- AIDS, it's origin, mode of transmission, progression, treatment, prevention and social factors related to the disease were elaborated.

This activity was held under the able guidance of Dr.S.V.Chincholikar, Prof & Head, Dept.of Community Medicine, Dr. Aastha Pandey, Professor, Dept.of Community Medicine.

World AIDS Day at UHTC, Talegaon, Department of Community Medicine,

Duration Of Activity: 10:30 -11:30 am

Brief Description of the activity: Amidst the covid -19 pandemic, on the occasion of world AIDS day with due precautions and social distancing, a small discussion was held at UHTC for educating the community regarding the basic knowledge, modes of spread ,prevention control, importance of treatment and to stop the stigma regarding AIDS was conducted. Under the guidance of Dr.S.V.Chicholikar(HOD) Dr.R.Majumdar(in-charge of urban health care centre)

Outcome of the Activity : Awareness about HIV-AIDS among the community was achieved

DEPT.OF COMMUNITY MEDICINE
UHTC Talegaon
Nutrition Week
1st to 7th September 2020

On the occasion of National Nutrition Week and PoshanMaah, UHTC Interns of MIMER medical College presented a seminar on 16th sept between 9am and 10am. The seminar was conducted in presence of Dr. Chincholikar (HOD, CM) and Dr. R Majumdar (incharge UHTC).

The topics covered were National Nutrition Month, Goals of NNM, PoshanAbhiyan, IYCF practices and Challenges in nutrition programs due to COVID-19. Further Dr.Chincholikar addressed the interns about nutrition and its importance.

WORLD NO TOBACCO DAY 31ST MAY,2019

No. of Students – 20

No. of Faculty – 08

On the occasion of world no Tobacco day, an intensive one to one interactive session in the OPD and field visits in the surrounding areas were carried out. The patients and people from the community were explained about the hazards of tobacco smoking, risk of developing cancer and dangers of passive smoking. This is the beginning of week-long ICE activity at UH.T.C to observe no tobacco week.

RHTC

The negative impact that tobacco has on people's lung health, from cancer to chronic respiratory disease, the fundamental role lungs play for the health and well-being of all people.

Health awareness activity was carried out by the Interns/staff of RHTC at Sudumbre village. Health talk was given to explain the side effects of tobacco consumption, how to quit tobacco. The villagers were told to consult our hospital to take advice to quit tobacco. About 5 people were present for the activity.

Medical Assistance to National Rowing Championship was held at Army Rowing Node, Dapodi

22nd Sub-junior National and Fourth Interstate challenger National Rowing Championship was held at Army Rowing Node, Dapodi, from 7th of June to 11th of June 2019.

The whole event was organized by organizing committee of Maharashtra Rowing Association and Maharashtra Olympic Association, affiliated to Rowing Federation of India. As per the rules and regulations of Rowing Federation of India, the medical assistance for this sport event was provided by MIMER Medical College and Hospital, Talegaon Dabhade on the short notice given by the organizing committee. The medical assistance team was comprising of general physician, dentist, physiotherapist and a nursing staff member. On 7th and 8th June there were practice sessions in the morning from 7am to 12pm and in the evening from 4pm to 7pm. On 9th of June, the actual sport event started in 2 sessions which ended on 11th of June with the prize distribution ceremony. Total 29 teams of different states from all over India participated in this event, in categories like Sub-junior(below 13years of age), Junior(below 15years of age) and Challenger(open). The medical camp was setup near the event . The participants, the relatives and the coaches were treated with proper care by the doctors. A total of 530 participants were there.

The participants who were injured during the sessions with abrasions, cuts, lacerations were given dressings, Tetanus Injections, oral antibiotics and analgesics by the doctors promptly. The participants and the relatives who were suffering from fever, vomiting, body ache and throat infections also received medication and proper attention. The physiotherapist, treated the participants who were in acute pain, sprain, muscle spasm with the help of medication and ice packs.

Total 65 minor casualties were handled properly during this whole event. On the 2nd day, after finishing of the practice session, the age verification was done for 100 boys and girls from Sub-junior and Junior categories with the help of the dentist from our team. Also the cases of oral ulceration and toothache were given medication by the dentist.

All the casualties were given proper attention and medical support by the doctors available in our team. The food was provided by the organizers. The vehicle assistance in the form of well equipped ambulance was provided by the MIMER Medical College and hospital. Medications were also supplied by MIMER Medical College and Hospital, Talegaon Dabhade. There were no serious or major casualties during this event.

WORLD BREAST FEEDING WEEK 1st -7th August,2019

AT TOP TECH ELECTRICALS COMPANY, NIMB PHATA,
TALEGAON DABHADE ON 06/08/2019

No. of Students – 20

No. of Faculty – 07

MIMER Medical College, Talegaon And MAEER's College of Physiotherapy, along with Rotary Club of Talegaon organized a session for 150-200 working women in the factory - TOP TECH ELECTRICALS - on the importance & current theme of World Breastfeeding week.

Mr.Mahesh Mahajan, Founder & Executive Director of TOP TECH ELECTRICALS, warmly welcomed the medical staff comprising of Dr. Chincholikar & Dr. Dandekar along with interns & doctors of MAEER'S PHYSIOTHERAPY COLLEGE.

Mr.Jadhav, President, Rotary Club Of Talegaon inaugurated the session.

The session comprised of Intern speakers demonstrating the various advantages of breast feeding to the child and mother. Dr.Snehal & Dr.Sanyukta briefly introduced the topic & discussed at length; the need, awareness & advantages of breastfeeding & the concept of expressed breast milk.

Dr Pratiksha & Dr Shyamli from Physiotherapy College conducted a wonderful session wherein they demonstrated the various mother- friendly techniques of breastfeeding, the techniques of expressing breast milk and methods to change diapers of babies.

Lastly DrNinad briefly enlightened the theme of this year's World Breastfeeding Week i.e "Empowering Parents & Enabling Breastfeeding."

Dr. Ninad explained various government policies under Maternity Benefit Act & discussed the need for family participation in breastfeeding.

World Breastfeeding Week is held annually between the 1st – 7th of August to encourage breastfeeding and improve the health of babies around the world.

The theme for 2019 World Breastfeeding Week (WBW) has been announced as “Empower Parents, Enable Breastfeeding.

This year the week was celebrated from 1st August to 7th August in MIMER Medical College & BSTR Hospital, Talegaon. It was organized jointly by departments of Community Medicine, Obstetrics & Gynecology, Pediatrics and Physiotherapy. The activities were held in PNC Ward, ANC Ward, and Pediatrics OPD & OBGY OPD.

To spread the awareness about breastfeeding, health talks, skit and video show were organized. Health talk was given by Dr. Ketaki and Dr. Mrunal. The talk included topics on advantages of breast feeding to mother and child. The skit was organized by Dept. Of OBGY and a Video on positioning of breast feeding was also shown. Students of Physiotherapy College explained about techniques and positions of breastfeeding under the guidance of Dr. Anuradha Sutar.

Dr. Vaishali Korde, Dr. Gopalghare, Dr. Powar form OBGY Dept. also expressed their views on this occasion.

Dr. S.J. Kulkarni, Dr. Maya Kshirsagar coordinated the programme under the guidance of Dr. S.V. Chincholikar, Professor & Head, Dept. of Community Medicine.

No. of Students - 35

No. of Faculty -15

Background

Hon'ble Prime Minister Sh. Narendra Modi urged the people of India to keep their surroundings clean during his first address to the nation on the eve of Independence Day. NSS have been conducting various activities under the cleanliness drive in the past.

To observe the Swachhta Pakhwara in befitting manner NSS organizations propose to conduct various activities during the observance of Swachhta Pakhwara. All the NSS Units will ensure due publicity of the activities/programmes to be conducted through all possible electronic and print media, so that the involvement of general public is also ensured in the celebration of this event. All the Regional Directorates of NSS will be entrusted with the responsibilities of providing guidelines to all the NSS units and also monitor the programme/activities during the conduct of the event. All the Regional Directorate will submit a brief report along with the action photographs and paper clippings after the culmination of the event. They will also ensure the necessary support of local authorities and other agencies as an when need arises during the conduct of various activities.

Action Plan

The following activities/programmes are proposed to be conducted by all the NSS Units across the country during the observance of Swachhta Pakhwara from 01st to 15th August, 2018:

1st August, 2018	One day seminar on Swachhta will be organized by all the NSS Units in the country, where locally available eminent speakers will be invited to address the NSS Volunteers on the various issues of Swachhta. The event will end with the Swachhta Shapath (Oath) by all the NSS Functionaries including NSS Volunteers.
2nd - 5th August, 2018	All the NSS Units will devote Four days for cleaning their respective campus of their institutions. They will ensure that they clean each and every part of their campus like classrooms, laboratories, libraries, toilets, auditoriums, playgrounds, lawns, roads etc.
6th - 8th August, 2018	During the period, the NSS Volunteers shall visit the adopted village/slum and take up door to door campaign to make the local masses aware about the importance of cleanliness in their surroundings. During the campaign the discussion will be focused on Open Defecation Free (ODF) village/slum. The villagers will be convinced to construct the toilets in their premises and also to make use of them. NSS Units will also be

	directed to procure informative material like leaflets, handouts from the local agencies working in the similar fields, for further distribution to the people while visiting door to door in the adopted areas.
9th - 10th August, 2018	All the NSS Units will devote Two days for intensive cleaning of the adopted villages/slums. Efforts will be made to involve local people so that they understand the dignity of labour and develop a habit of keeping their surroundings clean.
11th - 13th August, 2018	All the NSS Units will identify locally based 1-2 welfare agencies like hospitals, dispensaries, community centers, old age homes, orphanages, center for disabled, rehabilitation centre, railway station, bus stations/stops etc., and dedicate their services for cleaning the area of the agencies and also to take up various welfare activities in the agencies. Special drives may be taken to clean statues & Archeological sites and tourist Places.
14th August, 2018	All the NSS Units will organize rallies in their respective cities/villages by depicting various messages of cleanliness on banners and placards to create awareness in the masses.
15th August, 2018	All the NSS Units will hold a meeting of NSS Volunteers in their campuses under the Chairmanship of the Head of Institution and will discuss the future plans of sustaining cleanliness in the area. Head of the institution may declare the institution as “Clean Institution”

Celebration of International day of the elderly

1ST OCTOBER,2018

No. of Students – 20

No. of Faculty - 02

International day of the elderly was celebrated at the urban health centre on 1st October 2018 in collaboration with the college of physiotherapy. The programme was organised by Dr. Ashlesha Dandekar under guidance of Dr R Majumdar, Professor, and Dr. S.V.Chincholikar, Professor & Head, Dept. Of Community Medicine.

The theme for this year was elder human rights champions.

A health survey was organised for the elderly population living in the field practice area of the urban health training centre.

Routine health check up including weight and blood pressure was done. 30 people attended the programme.

The physiotherapists from college of physiotherapy also assessed the geriatric people for musculoskeletal problems and management where necessary.

After the check up, an interactive session was held where the participants were advised on their rights as older persons in accordance with the theme.

A talk was given by the interns describing common ailments affecting their age group such as osteoarthritis and diabetes mellitus. Treatment options and preventive measure for the same were also addressed.

After the session, there were activities held by the physiotherapy college. These included performing basic balance and strength exercises.

Finally games such as races and musical chairs were held to recap the things that had been taught and to ensure they had fun.

1. Aishwarya Ingole
2. Rituja Jadhav

2) Day 02 on 29/08/ 2017

Essay competition was organized.

- First two candidates for essay competition are :

1. Jaya Bhoir
2. Kshitija Surve

3) Day 03 on 30/08/ 2017

The students are sensitized for organ donation.

Organ donation oath was given to students of MIMER Medical College.

The prizes were distributed to the winners of Essay competition and Poster competition.

National Nutrition week 2017,
1st -7th September
RHTC, Sudumbare

No. of Students - 25

No. of Faculty - 04

National Nutrition Week is observed in order to make the people get knowledge about the Nutrition and its Importance for the Human Body. It is used to celebrate from the 1st of September to the 7th of September to make the people focus on the Nutrition for their better Health. This year the week is celebrated in adopted are of RHTC, Sudumbare.

01/09/2017:

First day of NUTRITION WEEK 2017, was celebrated at RHTC Sudhumbre on 01/09/2017 at Jilha Parishad School, Sudumbre. Students from 1st to 7th Std were present. Information regarding importance of balanced diet was given. Demonstration of various food Article like pulses, jaggery, Wheat was given and their importance was highlighted. Students were also informed about healthhazards of Junk Food. They were also told about basic food sanitation practices. There was good cooperation from teachers of the school. Dr. S.J.Kulkarni, Dr. Rupali Verma , Dr. S. Kale along with Interns and RHTC Staff carried out this programme .

04/09/2017:

On this day nutrition demonstration programme was arranged for adolescent girl students of Sant Tukaram School, Sudumbare. Information regarding balanced diet, nutritive values of common Indian foods was given with demonstrations. Special focus was on Iron rich food sources. Speeches were given Dr Madhura Ashturkar, Dr kale and Interns from RHTC. About 120 girl students were present for this programme.

06/09/2017:

On this day nutrition demonstration programme was arranged for pregnant and lactating mothers in NDRF campus at Ganeshnagar. Information regarding diet in pregnancy, lactation period was given. Importance of additional calories in diet for development of foetus and new born baby during these conditions was highlighted. Speeches were given by Dr Vaishali, Dr kale and Interns. About 25 women attended this programme.

07/09/2017:

On this day nutrition demonstration programme was arranged for elderly people. Information regarding balanced diet, dietary modifications in diseases like Diabetes, hypertension, Osteomyelitis was given. Health check up all elderly people was also carried out. Speeches were given by DrKale and interns.

NUTRITION WEEK 2017 CELEBRATION AT UHTC, TALEGAON

01/09/2017

No. of Students - 25

No. of Faculty - 04

Keeping in mind the theme for this year National Nutrition Week – “Optimising Infant and young child feeding practices” . The following programme is planned

01.09.2017 -Nutrition awareness generation for Women (Reproductive age group).

04.09.2017 -Nutrition awareness generation for Adolescent Girls.

06.09.2017 -Demonstration of low cost recipe (Nutrition Demonstration) for Community.

07.09.2017 -Community Meeting at Anganwadi

In accordance with the above programme, today i.e 01/09/2017 awareness generation on maternal & child nutrition was done for women of reproductive age group. A group of 15-20 women from our field practice area attended the sensitisation programme. They were made aware of balanced diet and the role of Micro and Micronutrients in diet with the help of charts and models.

04.09.2017

A nutrition awareness programme was conducted for girls of std.5th to 10th of Ngaraparishad school at Maruti Mandir. Talk was given by Dr. Ashlesha Dandekar regarding importance of micronutrients in diet. The students were particularly told about importance of Iron and Calcium in diet. They were educated about the various food groups and their importance in diet. This was followed by question and answer session.

07/09/2017

On the occasion of national nutrition week ,awareness program regarding child nutrition and nutrition of females in reproductive age group was conducted in Sane Ali aanganwadi by Dr Ashelsha Dandekar Dr Advait and Dr Abhilasha discussion regarding the current diet practices and the requirements for an ideal balance diet to place.Women were demonstrated the diet plan for new borns and themselves that included importance of vitamins proteins and fibres with the help of models and charts Enthusiastic participation was observed by 30 women and their children. The session with concluded with resolution of queries of the mother and pregnant women.Feedback was taken to make sure that people understood the importance of nutrition.

WORLD DIABETES DAY

14th November, 2017

Theme: Women and diabetes - Our right to a healthy future.

No. of Students - 30

No. of Faculty - 03

On occasion of the World Diabetes Day on 14th Nov. 2017, a mass education campaign was conducted as a street play in the MIMER MEDICAL College. 2nd MBBS students participated in the street play. It was conducted in the OPD complex of the BSTR Hospital, Talegaon so as to reach maximum number of patients and their relatives. Dr. S. V. Chincholikar, Professor & Head, Dr. Aastha Pandey, Dr. S. J. Kulkarni along with the staff from the Department of Community Medicine facilitated the activity.

International Women's day 2018

8TH MARCH

RHTC

No. of Students - 20

No. of Faculty -02

International Women's day 2018 was observed at RHTC Sudumbare on 08/03/2018.

This year theme is "Press for progress".

On this occasion following activities were carried out.

1. Health talks on Women's Health Problems.
2. Career opportunities for women were explained
3. Causes and prevention of nutritional anemia
4. Menstrual hygiene
5. Cookery competition regarding preparation of healthy foods
6. Information about govt. programmes for the welfare of women
7. Felicitation of women having one or 2 daughters.
8. Lecture on women health by Dr. Madhura Ashturkar in Indian Institute of Information Technology Pune (Institute of Central Govt. MHRD).

Around 50 women were present for the occasion. Dr. S.V.Chincholikar, HOD, Community Medicine, Dr. Madhura Ashturkar, Dr. S.J.Kulkarni, Dr. Sucheta Kale, Dr. Abhay Topkhane, Staff of RHTC and Interns participated in the programme.

Geo Tagged photos of facilities in the Institution for the management of degradable and non-degradable waste.

- Solid waste management

Institute Has built the solid waste processing pits to convert the solid waste into manure .also institute has MOU with Life secure enterprises for collection and disposal of solid waste .

- Liquid waste management

Institute has Liquid waste management plant of STP 300 m³/day capacity installed in the premises .Liquid waste generated in the Hospital, College building ,Hostels ,and Quarters gets collected in this treatment unit and gets purified and recycled for the irrigation purpose of gardens and trees and also in non potable purpose like use in toilets.

- Incinerator for Biomedical waste management

Biomedical waste generated from the Hospital and Medical college is handled as per standard protocol . The waste is segregated in colour coded bins and bags in every ward ,labs,and general places. Institute has done MOU with „LIFE SECURE ENTERPRISES“ which is a Government approved BioMedical waste management agency located in Talegaon Dabhade.

Life secure enterprises collect and then disposes the BioMedical waste as per standard guidelines.

- E-waste management

The E-waste produced by institute is collected securely and is auctioned to E-Waste management companies periodically.

- Waste recycling system

The waste water purification plant in the institute recycles the waste water and purified and treated water is used for gardening and non potable purpose. Food and other solid waste is composted and used as fertilizer for garden.

Solar Panels

The Institute adapts the policy of energy conservation and efficient use to reduce its carbon foot print on environment. Under this initiative Institute has taken following measures.

Solar Panels on Roof top:-Institute has installed solar panels over the roof top of hospital and medical college building in 2016-2017 year. This solar power plant is of **500kWp capacity** which is equivalent to Planting **34,500 mature trees** leading to annual CO2 abatement of **385 tons**.

Wheeling to Grid

The solar energy produced in MIMER Medical College and Hospital roof top is wheeled to grid of Maharashtra State Electricity Board Grid. On an average per month 45000 Kwh of electricity is wheeled.

Use of LED bulbs /power efficient equipments

Hospital and Medical college premises is installed with low energy consuming LED tubes and bulbs .Also the building has large windows at every lab and demonstration rooms, Wards for day light to light the room. Thus the institute reduces the consumption of electricity significantly.

- Hazardous chemicals and radioactive waste management

The Hazardous chemical waste is processed by Life Secure Enterprises which is in MOU with the institute. No Radioactive waste generated by the institute.

MAEER's Maharashtra Institute of Medical Education & Research,
Talegaon Dabhade, Dist. Pune.

DECLARATION

I, Dr. Vishwanath D Karad, Founder Executive President, MAEER', Pune, on the Seventh day of April in the year Two Thousand and Eighteen, hereby issue this writ confirming and approving the establishment of the:

Centre for Climate Change & Health
Maharashtra Institute of Medical Education & Research
Talegaon Dabhade, Tal Maval, Distt Pune

Dr Vishwanath D Karad
Founder - Executive President & Managing Trustee,
MAEER, Pune &
President, MIT World Peace University,
Pune, India.

CENTRE FOR CLIMATE CHANGE AND PUBLIC HEALTH

A unique and visionary 'Centre for Climate Change and Public Health' was established on 7th April 2018 at MAEER'S MIMER Medical College, Talegaon Dabhade, Pune. The Centre will act as a nodal centre to undertake research and study the complex interaction of climate changes on public health with a view to identification of key knowledge areas where further studies may be carried out. The centre will work towards preparation of a roadmap for a comprehensive and Nation-wide Action Plan for the future.

The effects of global warming are the seen on the environmental, public health and social changes caused (directly or indirectly) by human emissions of greenhouse gases. There is a worldwide consensus that climate change is occurring, and that human activities are the main drivers of these changes.

CLIMATE CHANGE & PUBLIC HEALTH

Climate change and weather

Hurricanes and floods kill people directly, and their indirect effects, such as waterborne-disease outbreaks following floods, cause far greater harm to human health in the long-term. Warmer water temperatures also facilitate the growth of pathogenic waterborne organisms such as coliform and vibrio species. With rising temperatures come intense heat waves that increase mortality, particularly among vulnerable populations — elderly and poor people, residents of urban heat islands, and people with mental illness. Higher temperatures also increase ozone levels, compromise lung function and exacerbating asthma. Earlier and longer pollen seasons elevate exposure to allergens, increasing allergic sensitization and asthma episodes. Direct effects of extreme heat and extreme cold waves and the number of fatalities directly associated with these.

Climate change and vector borne diseases

The geographical distribution of several vector-borne diseases, including malaria and dengue is spreading to higher altitudes and latitudes. India is endemic for six major vector-borne

diseases (VBD) namely malaria, dengue, chikungunya, filariasis, Japanese encephalitis and visceral leishmaniasis. Over the years, there has been reduction in the incidence of almost all the diseases except chikungunya which has re-emerged since 2005.

Climate Change and food & water borne diseases

Most pathogens of concern for food- and water- borne exposure are enteric and transmitted by the fecal-oral route. Climate may affect the pathogen directly by influencing its growth, survival, persistence, transmission, or virulence. Many of the disease producing effects of water borne disease remain under-reported.

Climate change and air quality

Both ozone and PM_{2.5} have well-documented health effects, and levels of these two pollutants have the potential to be influenced by climate change in a variety of ways. PM_{2.5} is a far more complex pollutant than ozone. Most of the particles captured as PM_{2.5} arise from burning of fuels, including primary particles such as diesel soot and secondary particles such as sulfates and nitrates. Epidemiologic studies have already demonstrated associations between both short-term and long-term average ambient concentrations and a variety of adverse health outcomes including respiratory symptoms such as coughing and difficulty breathing, decreased lung function, aggravated asthma, development of chronic bronchitis, heart attack, and arrhythmias.

Climate change and aero allergens & allergenic disease

Experimental research has shown that doubling CO₂ levels from about 300 to 600 ppm induces a four-fold increase in the production of ragweed pollen. Pollen counts in the atmosphere have been known to rise with increasing temperature. Increase in average temperatures have been shown to result in increased production of certain air pollutants and aeroallergens (spores and moulds). These in turn lead to spikes in the incidence of respiratory and other allergic disorders.

Climate Change and mental health

Poor mental health has been associated with low productivity and high healthcare expenditures and is a serious concern in India and many developing countries. The adverse impacts of climate

change on rural, agriculture-based economies such as India are likely to increase over time. Given that nearly half of the global population lives in rural areas and is vulnerable to climate variability, understanding the effects of climate on psychological well-being and identifying potential resolutions is critical for insuring vulnerable populations and breaking the poverty cycle.

Climate Change and UV radiation

Skin disorders and other effects due to increased effects of UV radiation such as Skin: Malignant melanoma, Skin cancers, Sun burn, Photodermatitis. Eyes: Photoconjunctivitis, Climatic droplet keratopathy, Cataract, Solar retinopathy. Immunity: Suppression of CMI, Activation of latent viral infection, Susceptibility to infection

WAYS AND MEANS TO REDUCE EFFECTS OF CLIMATE CHANGE

Mitigation also means redesigning cities to encourage more walking and biking (activities with low carbon footprints and big health benefits). Promoting more energy-efficient buildings to reforestation and reduction of food waste. Most efforts that prevent carbon pollution lead to substantial secondary health gains: healthier food, more exercise, and reduced air pollution, for example, which translates into less asthma and fewer myocardial infarctions and strokes.

ACTION PLAN FOR THE FUTURE

The aim is to identify ways and means to mitigate the effects of climate change on health. The Centre will also take the lead in spreading knowledge and awareness among the public about this important public health area and attempt to encourage a '*green lifestyle*' among the general population.

Dr. Vishwanath Karad

MAEER's MIT World Peace University, Pune

REPORT OF THE WORKSHOP

**To,
Respected
Heads of Departments of MIMER Medical College,**

MAAER'S MIMER MEDICAL COLLEGE organized a "3T- IBHSC Training program for Health Sciences Faculty" from 24th-26th November 2016, CME code: MMC/MAC/2016/F-006376. The training was conducted by the accredited training faculty Prof. Dr. Russell D'souza (Course Director, Melbourne Australia), Prof. Dr. Mary Mathew (Head, Training Manipal University), Prof. Dr. ArunJamkar, Prof. Dr. Derek D'souza, Prof. SiddharthDubhashi, Prof. AvinashD'souza, Prof. Dr. Vaishali Korde and Prof. Dr. Mahesh Asalkar. 48 delegates participated in the training. It was an extensive 3 days training program for the clinical, preclinical and allied health sciences staff. All the sessions conducted were interactive and active participation by the delegates made the training program a great success. Certificates were distributed to all the delegates after the completion of the training. The entire faculty was felicitated by our institute.

Thanking you for co-operation

With warm regards,

Dr. Mahesh Asalkar, Professor,

Secretary, Dept of Bioethics

MIMER Medical College, Talegaon, Pune

3T – IBHSc Training Course in Bioethics Training for Health Professionals of Health Science Universities

- 3T- IBHSC Training program for Health Sciences Faculty” was organized by MAAER’S MIMER Medical College.
- This training programme was an initiative of the Indian Program of the UNESCO Chair in Bioethics (Haifa) with the theme
- *Train, Teach and Transfer ↔ Empower Impart*
- It was a three days extensive and interactive training programme, from 24/11/2016 to 26/11/2016 and was approved by MMC, Mumbai as CME having code: MMC/MAC/2016/F-006376.
- The training was conducted by the accredited training faculty namely
 - 1 Prof. Dr. Russell D’souza, Course Director, Melbourne Australia
 - 2 Prof. Dr. Mary Mathew, Head, Training Manipal University
 - 3 Prof. Dr. Arun Jamkar,
 - 4 Prof. Dr. Derek D’souza,
 - 5 Prof. Siddharth Dubhashi,
 - 6 Prof. Avinash D’souza,
 - 7 Prof. Dr. Vaishali Korde, MIMER Medical College
 8. Prof. Dr. Mahesh Asalkar, MIMER Medical College
- **The first day** of the training began with a formal inauguration ceremony. The proceedings were divided into two parts. The first part dealt with topics of basic concepts, history, principles and guidelines of Bioethics. The relevant subjects such as Autonomy, consent, human dignity. Human rights, communication skills were also discussed at length. The discussion was supported by role plays and interactive sessions. All the delegates took active participation in the sessions. The second part of the first day was related to Case based learning.
- **The second day began with** lecture on topics of benefits and harms which was followed by lectures and discussions on vulnerable population, gender disparity and protection, emotional intelligence, ethics and profession, teaching bioethics in medical settings, clinical ethics committee. All the lectures and discussions were supported by interactive sessions and role plays.

The third and last day started with lecture on equality, equity and justice. This was followed by lectures and discussions on Environmental Ethics, Biotechnology and Biosafety, Health laws, Research ethics. In the post lunch session topics related to Assessment of teaching, course, teacher, students were discussed. It was followed by Integration into curriculum of Institutional Road Map. This topic was discussed elaboratively with respect to all pre, para and clinical departments.

Finally, the three-day training was concluded with Valedictory and Certificate Distribution. The entire faculty was felicitated by the institute

दि. २२/०८/२०१६

अत्यंत महत्वाचे

प्रति,

मा.अधिष्ठाता/प्राचार्य,

विषय:- अवयव जनजागृती महा अवयवदान अभियान सन २०१६

संदर्भ :- वैद्यकीय शिक्षण व औषधीद्रव्ये विभागाचा शासन निर्णय क्र.जागृती-०७१६/प्र.क्र.
३२/अधिनियम, दिनांक ०६/०८/२०१६

महोदय,

वरील संदर्भिय विषयानुसार दिनांक ३० ऑगस्ट २०१६ ते १ सप्टेंबर २०१६ या कालावधीमध्ये महाअवयवदान अभियान सन २०१६ साजरा करणे संदर्भात महाराष्ट्र शासनाने शासन निर्णय जारी केला आहे.

मा.पंतप्रधान श्री.नरेंद्रजी मोदी यांनी अवयव दानाचे महत्व लक्षात घेऊन रुग्णसेवेसाठी मोठ्या प्रमाणात अवयवदानाबाबत जनजागृती होण्याकरिता सदर अभियान हाती घेण्याबाबत सूचित केले आहे.

त्या अनुषंगाने आपल्या महाविद्यालयामध्ये सदर अभियान राबविण्यासाठीचे नियोजन करण्याकरिता सर्व अधिष्ठाता/प्राचार्य, संबंधित विभाग व अधिकारी यांची बैठक दिनांक २३ ऑगस्ट २०१६ रोजी दुपारी ठीक ३.०० वाजता मा.अधिष्ठाता, बै.जी.शासकीय वैद्यकीय महाविद्यालय व ससून सर्वोपचार रुग्णालय, पुणे यांच्या दालनात आयोजित करण्यात आलेली आहे.

तरी आपण सदर बैठकीस उपस्थित राहावे ही विनंती

आपला स्नेहांकित,

अधिष्ठाता

बै.जी.शासकीय वैद्यकीय महाविद्यालय व ससून
सर्वोपचार रुग्णालय, पुणे

महाराष्ट्र शासन

महा अवयवदान अभियान

दि. ३० ऑगस्ट ते १ सप्टेंबर २०१६

महाराष्ट्र शासन

वैद्यकीय शिक्षण विभाग व सार्वजनिक आरोग्य विभाग महाराष्ट्र राज्य आणि
विभागीय प्रत्यारोपण समन्वय समिती, महाराष्ट्र यांच्या संयुक्त विद्यमाने
महा अवयवदान अभियान

दि. ३० ऑगस्ट ते १ सप्टेंबर २०१६

निमंत्रण

मा.पंतप्रधान यांनी आकाशवाणीवरील 'मन की बात' या कार्यक्रमांमध्ये अवयवदानाचे विचार प्रस्तुत केले आहे. त्यांनी 'तेन त्यक्तेन भुंजिथा' म्हणजेच "त्याग करण्यात उत्तम आनंद" असे अवयवदानाचे महत्त्व सांगितले आहे.

मा. पंतप्रधान यांच्या विचारांनी प्रेरित होऊन मा. मुख्यमंत्री व मा.मंत्री, वैद्यकीय शिक्षण विभाग आणि सार्वजनिक आरोग्य विभाग महाराष्ट्र राज्य यांनी संपूर्ण महाराष्ट्रात एकाच वेळी राज्य स्तरापासून ते तालुका स्तरापर्यंत महा अवयवदान अभियान दि. ३० ऑगस्ट ते १ सप्टेंबर २०१६ या कालावधी मध्ये राबविण्याचा निर्णय घेऊन अवयव मिळण्याच्या प्रतीक्षेत असलेल्या रुग्णांना नवजीवन देण्याच्या दृष्टीने एक पाऊल पुढे टाकत आहोत.

तरी महाराष्ट्रातील जनतेला या द्वारे या महा अभियानात सहभागी होण्यासाठी निमंत्रित करित आहोत.

आपल्याला डोळे, त्वचा, यकृत, हृदय, मूत्रपिंड, प्लीहा, यासारख्या अवयवांची अमूल्य भेट मिळालेली आहे. हि निसर्गाने दिलेली अवयवरूपी भेट आपल्या मृत्युनंतर इतर गरजू रुग्णांना तुम्ही दान देऊ शकतात. या अवयवदानाने मृत्युच्या उंबरठ्यावर उभ्या असलेल्या अनेक रुग्णांना दुसरे जीवन जगण्याची संधी देऊ शकतो व मृत्युनंतरही आपण दुसऱ्यांच्या शरीरात जिवंत राहू शकतो. अवयवदानाच्या या उद्दात्य कार्याला कोणत्याच जाती-धर्माचे, दर्जाचे अथवा लिंगाचे असले कुठलेच बंधन नाही.

सद्य-परिस्थितीत देशात सुमारे ५ लाख मुत्रपिंड / ५० हजार यकृत / २००० हून अधिक हृदय विकारांनी ग्रस्त रुग्ण असून या रुग्णांना अवयवांची गरज आहे. मुत्रपिंड विकारावर कृत्रिम रक्त शुद्धिकरण हा पर्याय आहे परंतु यकृत, हृदय, फुफुस विकारांनी ग्रस्त रुग्णांना असा कोणताही दुसरा मार्ग उपलब्ध नाही त्यांच्यासाठी नवीन अवयव प्रत्यारोपण हा एकमेव मार्ग आहे.

जागतिक पातळीवर विचार करता मृत्यूनंतर अवयवदान करण्याचे प्रमाण भारताबाहेर जास्त असून भारतात त्याचे प्रमाण अत्यल्प आहे. सामाजिक व कौटुंबिक जनजागृतीच हा आमुलाग्र बदल घडवून आणू शकेल. कुटुंबातील सदस्यांना अवयवदानाची जाणीव असल्यास अवयवदानासाठी संमती सहज मिळू शकते.

या करिता महाराष्ट्र शासन आणि वैद्यकीय शिक्षण व औषधद्रव्ये विभाग यांनी ३० ऑगस्ट ते १ सप्टेंबर, २०१६ महा अवयवदान अभियान साजरा करण्याबाबत मान्यता दिली आहे. यानुसार दि. ३०-८-२०१६ रोजी या अभियानाचा शुभारंभ करून अवयवदान जागृती महाफेरीचे आयोजन करणेत येणार आहे. दि. ३१-८-२०१६ रोजी कार्यशाळा, अवयवदान चर्चासत्र, चित्रकला, निबंध स्पर्धा यांचे आयोजन करणेत येणार आहे आणि दि. १-९-२०१६ रोजी अवयवदान अभियान नोंदणी शिबिराचे उद्घाटन व महा अवयवदान नोंदणी शिबीर आयोजित करणेत येणार असून प्रत्यक्ष अवयवदान केलेल्या अवयवदात्या कुटुंबांचा सन्मान करणेत येणार आहे.

ह्या अभियानामार्फत अवयवदानाबाबत प्रबोधन व जास्तीत जास्त दात्यांना संपर्क करून समाजात याबाबत जागृती निर्माण करण्याची जबाबदारी तालुका, जिल्हा व राज्यस्तरावर सर्व संबंधित शासकीय विभागांना देण्यात आली आहे. त्याकरिता वैद्यकीय शिक्षण व औषधद्रव्ये विभागांतर्गत संचालक, वैद्यकीय शिक्षण व संशोधन, महाराष्ट्र राज्य, मुंबई, शासकीय / खाजगी वैद्यकीय महाविद्यालये, तसेच सार्वजनिक आरोग्यविभागांतर्गत जिल्हा शल्यचिकित्सक अधीक्षक उपजिल्हा / कुटीर रुग्णालये, जिल्हा आरोग्य अधिकारी इत्यादींच्या स्तरावरून समित्यांमार्फत विविध उपक्रमांचे आयोजन करण्यात येणार आहे.

तरी आपण आपल्या विभागाच्या वरील अधिकारी/कार्यालये यांना भेटून या उपक्रमात सहभागी व्हावे. तसेच आपण www.dmer.org व www.ztccmumbai.org या वेबसाईट वर अवयवदानाचे कार्ड ऑनलाइन भरून अवयवदान करण्याचे आवाहन करणेत येत आहे. अधिक माहितीसाठी १८०० २७४७४४४ व १८०० ११४७७० या हेल्पलाईन नंबर वर संपर्क साधा.

श्री. गिरीष महाजन,
मंत्री वैद्यकीय शिक्षण,
जलसंपदा व लाभक्षेत्र विकास

अध्यक्ष, जिल्हा अवयवदान अभियान समिती

Organ Donation Day

Day 01: Tuesday 30/08/2016

Under the aegis of the Government of India, the state government has launched a program for spreading the awareness about organ donation. MIMER Medical College, Talegaon had participated in the program with 2 rallies on 30th August 2016 departing from the institution. One of the rallies went to Indrayanicollege and the other was held till Jijamata square Talegaon.

Street-plays were conducted by the medical students and interns. The rallies were attended by the Medical Superintendent of the BSTRH Dr. More and Deputy Superintendent Dr. Waghmare. Faculty members from the college Dr. S.V Chincholikar, Dr. R. Majumdar, Dr. S.J. Kulkarni, Dr. Powar and Dr. Ashlesha Dandekar along with the non-teaching staff were also present on the occasion. The rallies and the street plays received a positive reaction from the general public. About 234 students, interns and residents from the institution participated in successful organization of the event.

An awareness drive was also conducted at the Rural Health Training Center at Sudumbare on the day. About 30 participants were sensitized by Dr. Aastha Pandey from the Department of Community Medicine regarding the importance and facts about organ donation. In both the events motivated people were asked to come forward and fill the organ donation form so as to facilitate the process.

MIMER MEDICAL COLLEGE

Organ Donation Campaign 2016

30th – 31st August

- Organ Donation Campaign 2016 was launched by Govt of Maharashtra from 30/08/2016 to 01/09/2016.
- It was jointly organized by Medical Education and Research Dept, Public Health Dept and ZTCC, Mumbai.
- Coordination meetings for preparations of campaign were held in B J medical College, Pune under chairmanship of Dean BJMC on 19/08/2016,23/08/2016,26/08/2016.
- For implementation of campaign in college, Dr S V Chincholikar I/C Professor and HOD Community Medicine appointed two senior faculties from Dept of Community Medicine.
- These were Dr R Majumdar , Professor and Dr S J Kulkarni Asst Professor from department of Community Medicine.
- Both coordinators attended preparatory meetings at BJMC.
- Different activities were carried out by MIMER Medical College as per instructions given by Govt vide G R dated 08/08/2016.
- Design of banners, format of consent form and power point presentation were made available from Dean BJMC
- Preparatory meetings for implementation of activities in college were conducted under guidance of Dr S Belsare Vice Principal , MIMER medical College.

- Necessary arrangements for banners, placards, vehicles for rally were made.
- Awareness meeting for non teaching staff of college was conducted on 24/03/2016 where both coordinators briefed the staff about organ donation. Response was over whelming.
- All HODs were asked to brief students and non teaching staff of their respective dept about campaign using power point presentation given by Govt .
- A visit to Indrayani college and Balbharati school was done by coordinators to get active participation from students.
- Daywise report of activities is as follows:
- **Report of activities :**

1. Day 1 on 30/08/2016 :

- Two rallies were organized from college.
- One was up to Indrayani college and other was rally was up to Jijamata Chowk.
- Approximately 234 students, interns and nonteaching staff attended rally.
- Loud speaker arrangements were made on ambulances for rally.
- Street Play prepared by interns of RHTC and UHTC was performed during rally.

2) Day 2 on 31/08/2016

- Essay and painting competition was organized.
- Students from college, students from Dr A C High School, Talegaon and children of staff members took part in these competitions.
- First two candidates will be given certificates which are given in BJMC.
- Street play was performed in OPD by interns.
- Faculty members from Dept of Community Medicine, Ophthalmology, OBGY and Medicine attended a workshop on Organ Donation at B J Medical College.

3) Day 03 on 1/09/ 2016

- Registration counter for organ donation was opened in OPD.

- Street Play was again performed in OPD to have attention of persons attending OPD.
- Almost 39 persons including staff members of college filled the forms of organ donation.
- A Blood Donation camp was organized in blood bank. 11 Blood Unites were collected
- A meeting to felicitate the recipients of organ donation and to felicitate participating colleges was organized at BJMC. It was attended by both coordinators .
- Reports of day wise activities were submitted to MUHS, Nasik and Dean BJMC by Email.

Activities of National Bioethics Curriculum Implementation Centre-2017

1. The National Bioethics Curriculum Implementation Centre (NBCIC) was inaugurated on 4th Oct 2017 at MIMER Medical College, Talegaon Pune. Dr Russell DSouza, Head Asia Pacific Division, UNESCO Chair in Bioethics Haifa, Melbourne Australia handed over the writ of establishment on behalf of Prof Amnon Carmi, Chair UNESCO Chair in Bioethics Haifa to Dr Suchitra Nagare, Executive Director to mark this momentous occasion. The solemn function was presided over by Dr V D Karad, Founder and Director General, MAEER's MIT Pune. Dr S Geethalakshmi, Honourable Vice Chancellor TN Government Dr MGR Medical University also graced the occasion. Dr ArunJamkar was bestowed with the writ of appointment as the Chair and Dr Derek D'Souza as Director of the NBCIC.
2. Dr Suchitra Nagare, Executive Director was invited as Guest of Honour at the Inauguration of the Bioethics Unit of Maharaja Agrasen Hospital at Punjabi Bagh Delhi on 18th Nov 2017. This is the first hospital based Bioethics unit in the country and it was a matter of great pride for MIMER Medical College to be associated with this programme.
3. Dr Derek DSouza, Director NBCIC was invited as guest faculty at the 1st National Training Faculty Quality Assurance Camp under the UNESCO Bioethics India Programme held at Hotel Ocean Pearl, Mangalore on 20th November 2017. He presented two papers at the campon 'Learning from teaching – The 3T IBHScExperience' and 'Use of Standardised patients in Bioethics Education' which were well appreciated.
4. The 1st National Bioethics Conference was held at the historic Fr Muller's Medical College and Hospital on 21st and 22nd Nov 2017. Dr Suchitra Nagare, our Executive Director was the Chief Guest at this grand event and spoke of the need for implementation of Bioethics into all spheres of the medical education system. She quoted from Swami Vivekananda and the Rig Veda to emphasize the need to revamp the teaching and practice of health sciences in India. Dr Derek DSouza also attended the conference as invited guest speaker and presented a paper on 'Ethics of Artificial Intelligence'.

INAUGURATION OF THE NATIONAL BIOETHICS

CURRICULUM IMPLEMENTATION CENTRE OF UNESCO CHAIR IN BIOETHICS

4TH OCTOBER 2017

The National Bioethics Curriculum Implementation Centre under the Indian programme of the UNESCO Bioethics Chair (Haifa) was inaugurated at a glittering function presided over by the revered Founder and Director General of the MAEER's Group of Institutions, Dr Vishwananth Karad held at MIMER Medical College on 4th Oct 2017.

The Indian programme of the UNESCO Chair in Bioethics has played a pioneering role in the establishment of the Bioethics curriculum into the health sciences syllabus. Under the leadership of Dr Amnon Carmi, Chair UNESCO Bioethics (Haifa), and Dr Russell D Souza, faculty training courses have been organised all across India to setup a network of Bioethics units with trained faculty to carry this programme forward.

The rapid spread of the network in India had necessitated the need to establish a National Bioethics Curriculum Implementation Centre. The vision and foresight of Dr Vishwananth Karad and the whole-hearted support of Executive Director, Dr Suchitra Nagare had resulted in MIMER Medical College, Talegaon, Pune being bestowed upon the unique honour to host such a centre. Dr Arun Jamkar has been installed as the Head and Dr Derek D Souza as the Director of this prestigious centre. This centre is the first of its kind in the entire Asia Pacific region under the UNESCO Chair in Haifa. The centre will be the National Co-ordination Centre for planning and implementation of the integrated Bioethics programme for the entire country.

Dr Russell D Souza, Head Asia Pacific Region UNESCO Bioethics Programme handed over the writs of establishment on the 4th October at a special function organised at MIMER Medical College. He said that he was confident that the faculty and students of the college would live up to the responsibility bestowed upon them. Speaking on the occasion, Dr S Geethalakshmi, Vice Chancellor Tamil Nadu MGR Medical University congratulated Executive Director and all faculty of MIMER Medical College and said that she was looking forward to working closely with the faculty in taking this programme further. Dr V. D. Karad, in his Presidential address expressed his satisfaction at the establishment of such a centre at MIMER Medical College. He emphasised that this special occasion should inspire all faculty and students to abide by the teachings of Swami Vivekananda and Saint Shri Dnyaneshwara that the "Union of science and Religion/Spirituality alone will bring harmony and peace to the humanity" and also of the guiding principle of "Vasudhaiva Kutumbakam – that the World is One Family"

A separate Bioethics unit has also been established at MAEER's College of Physiotherapy and the Writ of establishment was handed over at the same function. This is the first time that an independent Bioethics unit has been set-up in a college of physiotherapy in India. Separate Writs of establishment of the Student Wings at both MIMER Medical College and MAEER's Physiotherapy college were also presented to the students.

**PROGRAMME FOR INAUGURATION OF NBCIC
04 OCT 2017**

UNESCO Bioethics Unit MIMER Medical College

The following Unit Activities were held in our institution towards the celebration of World Bioethics Day 2018.

1. MIMER Medical College had recently inaugurated a “Centre for Climate Change and Health”. This mission of this Centre is to encourage all faculty and students to be environmentally conscious and be sensitized to the various aspects of ‘Environmental Ethics’
2. As part of the World Bioethics Day celebrations the UNESCO Bioethics unit organized a poster competition among the medical students to encourage all the students to be aware of the impact of climate change on human health.
3. A special programme to celebrate World Bioethics Day was organized on 19th October 2018 at Shushrut Hall. The Principal Dr (Col) RP Gupta addressed the faculty and students and highlighted the importance of the theme ‘Solidarity and Co-operation’. He spoke of the need for all healthcare professionals all over the country to be united to face the rising cost of healthcare and other challenges facing the profession.
4. The students took part in a poster competitions and Photography Competition based on the theme of the year i.e. ‘Solidarity and Cooperation’.
5. All the entries were exhibited outside the venue for the viewing benefit of the faculty and students. The winning

entries were forwarded to the World Bioethics Day Committee as entries for the International competition.

Subject – Report on participation of students in Ethos 2018, 2nd National Bioethics, Medical and Research Conference, SGRDUHS, Amritsar.

Respected Sir,

We, the students of MIMER Medical college, represented our institute in Ethos 2018, 2nd National Bioethics, Medical and Research Conference, SGRDUHS, Amritsar.

We're giving you a brief report about the same

1. INTRODUCTION OF ETHOS

ETHOS 2018, was the 2nd National Bioethics, Medical and Research Conference, held at Sri Guru Ram Das Institute of Medical Sciences & Research, affiliated to Sri Guru Ram Das University of Health Sciences, Amritsar, from 31st August to 2nd September. ETHOS 2018, was one signature event by the Students' Wing of Indian Program of International Network of UNESCO Chair in Bioethics, Haifa.

2. ROLE OF THE INSTITUTION

As we know, the most valuable resource that a student can have, is their teachers. Without a Guru, students' growth is limited to their own perspectives. Very much in coincidence with the previous lines, the entire team was under a constant guidance of the following teachers;

- a. Dr. VaishaliKordeNayak, Professor in Obstetrics & Gynecology, an educator, who also serves as the head of Student's Steering Committee.
- b. Dr. (Col.) Derek D'Souza, Professor in Dentistry, who also serves as the Director of National Bioethics Curriculum Implementation Centre.
- c. Dr. Aneesh Bhat, who serves as Professor & Head in the department of Psychiatry.
- d. Dr. Rupali Bagga, Associate Professor in the department of Community Medicine.

Lastly, Dr. (Col.) R.P. Gupta, Principal, for giving us the permission to attend the conference.

After a few fruitful meetings of the students' steering committee, from one student delegate, the count increased to fifteen delegates. To put it all in a sentence, these teachers placed a baton in the hands of fifteen students, who went all the way to Amritsar and came back as achievers.

3. PARTICIPATION

„The future belongs to those who believe in the beauty of their dreams.“ Want to know who these dreamers are? Yes, these are the fifteen delegates, the students of their very own MIMER.

- | | |
|-----------------------|-----------------------|
| 1. Tejas Mhapankar | (9 th Sem) |
| 2. Oshin Behl | (9 th Sem) |
| 3. ShantanuChitale | (7 th Sem) |
| 4. Manalee Das | (7 th Sem) |
| 5. PrajaktaKurade | (7 th Sem) |
| 6. Ritika Mishra | (7 th Sem) |
| 7. AkshitaShrivastava | (7 th Sem) |
| 8. TanushreeNahata | (7 th Sem) |
| 9. NishitaManjrekar | (7 th Sem) |
| 10.KirtiRodge | (5 th Sem) |
| 11.RutujaKhanvilkar | (5 th Sem) |
| 12.Simran Kapoor | (5 th Sem) |
| 13. Asma Patel | (5 th Sem) |
| 14. PrachiJethwa | (5 th Sem) |
| 15. DharaDarji | (5 th Sem) |

Tejas Mhapankar, a student of MBBS Final Year, served as the college ambassador for ETHOS 2018. His role was instrumental in bringing all these fifteen starts together.

These students actively participated in various pre-conference workshops, events like Paper Presentation, Poster Presentation, Sharp Tank, Ethi Scan – Quiz, Debate, Just a Minute and Medical Short Film. As they say, an enthusiastic heart finds opportunities everywhere, these delegates didn't leave a single opportunity to showcase their talent. Their participation in online events like Ethi Shot – Photography, Online Ethi Scan and Sketch it Syndrome is noteworthy.

The journey of these delegates over a period of one month before conference has been full of energy, liveliness, zeal, perseverance and lastly the most important thing, team spirit.

4. WINNERS

Now that one looks back at ETHOS 2018, one can rightly say, the forecast for Team MIMER in Amritsar was 100 percent chance of winning. Amidst 600 national delegates and many participations, Team MIMER has bagged twelve awards and put MIMER at the national forefront in the field of Bioethics and Research.

MIMER MEDICAL COLLEGE

DEPARTMENT OF ANATOMY

- Cadaveric oath: 04/08/18

First year MBBS students take a cadaveric oath before they start their studies as medical students.

They pledge to respect the cadavers and treat it with dignity. And show respect & gratitude towards cadavers who will be their first teachers in Medical profession. Cadavers who will be their first teachers in Medical profession. And thank & pay gratitude towards the next of keen of the donor who has respected their wish of Body donation & to serve the society selflessly.

CADAVERIC OATH

I student of First MBBS 2018 – 2019 batch of MIMER Medical college solemnly pledge to respect the cadaver and to treat it with dignity as I use it to achieve my professional goals. I will show due respect & gratitude towards the cadaver who will be my first Teacher in medical profession. I take the opportunity to thank & pay gratitude towards the next of keen of the donor who has respected their wish of 'Body Donation' & to serve the society selflessly even after death.
