No. of participants- 38

**Participants**

PG Residents and PG teachers from MIMER Medical College, Physiotherapy colleges & Ayurvedic Colleges

**Pre and Post test results:**

36/38 showed improvement of test score (94.73%)

The maximum difference in test score was of 12 marks

Average difference was 5.13

**Analysis of session feedback forms:**

**Day 1**

'Ethical issues in medical Research' was rated as the best by most of the participants followed by descriptive study design and literature search.

**Day 2**

'Sampling' was rated as the best by maximum participants followed by 'critical evaluation of journal article'. Better time management was suggested by 2 of the participants. More time for sampling group activity was also recommended.

**Day -3**

'Writing research proposal' and computer assistance in Excel and Epi Info were listed as the most liked session. 2 participants suggested that 'Inferential Statistics' could have been better. More time for Excel & Epi Info was also recommended

## Overall

All the participants felt that the objectives of the workshop were largely achieved.

Except 2, who were not sure, everyone found workshop useful for their professional activities.

All of them felt that the faculty was resourceful

Except 2, who were not sure, all of them felt that they will be able to implement what they have learned during the workshop.

5 participants felt that the schedule of the workshop was too tight and have suggested having it spread over more days. Others felt that it is optimum balance of theory and practice.

Participants conveyed that the group activity helped them to understand the theory in a better way. it helped them to learn from the mistakes.

Group activity and Computer Assisted learning were the best in the workshop.
