Activity report

Department: OBSTETRICS & GYNAECOLOGY

Name of the Activity: A LIVE ENDOSCOPY SURGICAL SKILLS
ENHANCEMENT WORKSHOP

Duration of Activity: 21st & 28th Nov. 2019

Participants: No. of faculty: 13

No. of students: 15

Brief description of the Activity:

A LIVE ENDOSCOPY SURGICAL SKILLS ENHANCEMENT WORKSHOP was conducted on 21/11/19 as part of Silver Jubilee celebration of MIMER MEDICAL COLLEGE.

Dr Sunita Tandulwarkar, President "IAGE" Indian Association of Gynecological Endoscopists along with her team got the project "EAGLE" to our campus.

Every aspiring gynecologist learns Endoscopy and so did our residents. Dr Tandulwarkar with her team of endoscopy surgeons Dr Manish Machave, Dr Ashish Kale and Dr Abhishek Chandavarkar demonstrated live surgeries and also solved the queries of the budding gynecologists.

The demonstration was impeccable with 3D endoscopy elaborating the anatomy of the pelvis, dissecting through the vessels and the nerves, defining each step of the surgery and getting down to the nitty-gritty of the subject.

After the spectacular endoscopic surgery training session Dr Tandulwarkar delivered an Oration $E = mc^2$, that says Endoscopy means mastering challenges. The oration was appreciated and received a standing ovation.

To add up to the skills of the residents, endotraining sessions on pelvitrainers were conducted on 28/11/19 in the Department of OBGY under the guidance of Dr Manish Machave. He also gave a talk on laparoscopic surgeries and instruments in his own charismatic way. He not only taught endoscopy but also gave small tit bits on dealing with patients and the medicolegal aspects in endoscopy. A lecture on "Energy sources" was delivered by Mr Sahil, wherein handling endoscopic instruments and different current modalities were discussed. The ground staff from our operation theatre including nurses working in Ot were the real beneficiaries as they were given hands on training with the instruments n energy source handling. One more successful day was thus spent

with the most amiable people who enriched our lives with the wealth of their knowledge and experience.

One of its own kind, the 3 D laparoscopic surgeries were witnessed for the first time in Talegaon Dabhade and the whole of Maval region.

All this was possible with the efforts of Dr Sushma Sharma Proff and HOD, OBGY and Dr Vaishali Korde, Proff OBGY , Dr Dattatraya Gopalghare, Proff OBGY and the OBGY team who toiled day and night to get things in place for the workshop. Nevertheless this would have been impossible without the perpetual support of our Executive Director Dr Suchitra Nagare who always believes that "Learning is a constant process at all ages and at all times." Truly an academic feast that has added feathers to the department of OBGY and MIMER Medical College continues to shine.

OBJECTIVE- To learn the latest laparoscopic procedure with the most learned and experienced surgeons in Pune.

OUTCOME- The residents and faculty learned the newest available modalities in laparoscopy and it encouraged us to further horn our skill
