

**MAEER'S MAHARASHTRA INSTITUTE OF MEDICAL EDUCATION &
RESEARCH (MIMER) MEDICAL COLLEGE, TALEGAON DABHADE
ACADEMIC YEAR 2020-21**

(a) Principal : Dr. Mrs. Swati Belsare

(b) Message from the Principal:

It gives me immense pleasure to pen my thoughts in the annual report.

I am proud to be a part of the MIT family. As a medical institution, we strive to create competent, confident and dedicated medical professionals. We at MIMER take care not to produce only skilled craftsmen, but we look at their holistic development. Putting medical ethics at the forefront we see to it that the doctors of tomorrow are also developed socially, morally, and spiritually and do not lose the most important quality of empathy towards the suffering patients and relatives.

We have developed a robust social outreach program which gives our students exposure to real India and the life in villages.

Under the able leadership of our Medical Director Dr. Suresh Ghaisas, Executive Director Dr. Suchitra Nagare and Dr. Virendra Ghaisas, the institution is fighting the evil of the Covid-19 pandemic. We are proud that we gave excellent medical services to the Covid affected patients of the area around. We have also participated actively in the Covid vaccination program.

I am sure that we will continue to excel in quality in days to come and put the name of MIMER in the forefront of the world of Medical Education.
