

MIMER ANNUAL CALENDAR 2022

MAEER MIT PUNE'S MIMER MEDICAL COLLEGE & Dr. BSTR HOSPITAL, TALEGAON DABHADE, PUNE

They say we should celebrate life, not just festivals. Well, in a country like India, life is synonymous with festivals because there are more fiestas than you can count, and each of these mirror our rich culture and traditions. Breaking the humdrum of daily routine, these festivals bring with them waves of excitement and happiness, that surpass religions, languages, regions etc. Experiencing the festive spirit of the country is akin to celebrating life, speckled with an ample dose of colours, music, dance, folk songs, food, and friends, all rolled into a wholesome package offering absolute gratification. Each festival in India has an essence and flavour of its own that can only be experienced first-hand. MIMER Medical College is proud of this unique social ethos of our country and salutes the indomitable spirit of Indians that keeps us all united, amidst the vast diversity. We dedicate our 2022 calendar to celebrate this unifying spirit and it's great people. Our calendar also has a unique compilation of all the important days related to health, that are observed universally with the objective of making the world a healthier and happier place. It echoes the commitment and untiring efforts of our institute for the past 26 years in improving the health of our fellow countrymen, through every possible means. Celebrating the spirit behind the everlasting secular fabric of this beautiful country, MIMER wishes all a healthy 2022!

Verily, Islam and Hinduism are terms of contrast. They are used by the true Divine Painter for blending the colors and filling in the outlines. If it is a mosque, the call to prayer is chanted in remembrance of Him. If it is a temple, the bells are rung in glorifying for Him alone.
-Chhatrapati Shivaji Maharaj (1630-1680)
